**AMENDED PETITION TO ACCEPT COLOR PHOTOGRAPH AS DRAWING  
 (37 C.F.R. § 1.84(b)(2))**

1. During post-allowance review of the file history in this case, Applicants were unable to locate the Office's grant of the Petition to Accept Color Photograph as Drawing submitted concurrently with the Utility Patent Application Transmittal filed on March 9, 2004. Also during post-allowance review of the file history in this case, Applicants noted that the language required by 37 C.F.R. § 1.84(a)(2)(iii) has not yet been added to the specification.
2. Submitted concurrently herewith is a 37 C.F.R. § 312 amendment adding the language required by 37 C.F.R. § 1.84(a)(2)(iii) to the specification.
3. Three (3) color photographs representing FIG. 5  
☐ are submitted herewith,  
☒ have already been submitted in this application as noted above with the application-as-filed on March 9, 2004.
4. Please note that Replacement Drawings are being filed concurrently herewith in order to correct various informalities such as hand-written numerical callouts. Along with the Replacement Drawings are submitted three (3) color photographs intended to replace the three (3) color photographs submitted with the application-as-filed for FIG. 5.
5. As noted in the original Petition, it has been determined that color photographs are the best medium for disclosing the subject matter to be patented and are necessary for this application.
6. The Petition fee of \$130.00 (37 C.F.R. § 1.17(h)) was submitted with the original Petition to Accept Color Photograph as Drawing submitted with the application-as-filed; however, if necessary please charge Deposit Account 13-4365 for any fee deficiency or credit said Account for any overpayment as necessary.
7. Accordingly, Applicants have met all requirements under 37 C.F.R. § 1.84(b)(2) and respectfully petition acceptance of the color photograph represented by the above-mentioned Replacement Drawings in this case.

Respectfully submitted,
